- A. Sound is movement and movement is sound.
- B. Why are there so many unfulfilled prophecies?
 1. One reason many Mandates are stalled or delayed is because the SOUND patterns that would cause shifts in circumstances, people, strategies and tactics do not get released. Every movement toward a particular goal creates vibrational changes that MOVE things. **Example:** Champagne glass and opera singer.

When these lepers came to the outskirts of the camp, they entered one tent and ate and drank, and carried from there silver and gold and clothes, and went and hid them; and they returned and entered another tent and carried from there also and went and hid them”* (2 Kings 7:6-8).

When the members of a team have subjugated their desires for My plan and come together in agreement to the musical score, I have written for each, then it is a team in Sound Alignment.

There My Presence dwells and I walk in their midst. I move mountains on their behalf. I blow through strongholds on their behalf. I rush in to help when they cry

out. When worship reigns, My hand moves. I move to act. I move to defend. I move to resource and provide. I move to touch. I am compelled to bless.

“I will sort it all out in the end. Your job is to link, link, link arms. Too many are trying to assess, judge, and evaluate. Simply link and allow me to sort. Remember, the tares grow up with the wheat. In the end, at the harvest, I separate the two.”

VIII. Conclusion: God's Orchestra

“I'm inviting you to experience the commanded blessing of the Lord and participate in God's Global End Time Orchestra.

I'm inviting you to be the Song you are, playing the part you are to play written on the musical score in front of you, and in right time and season making His adjustments along the way.”
